RE: Red Rock Mine Plan Review
S & S Mining Company
ACT/037/050
San Juan County, Utah

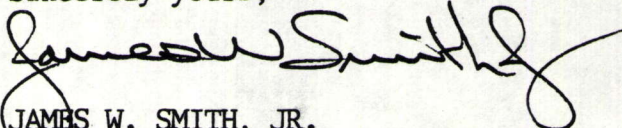

Dear Mr. Groff:

Having read your letter of December 6, 1982, I find it to contain a reasonable request. Upon consultation with the Division staff, agreement was reached and in accordance with Rule M-3(4) the extension is granted until the first of March 1983, subject to the following conditions:

1. If by the first of March the information to be submitted is not received by the Division, an immediate suspension of all mining activities will be imposed until the remainder of the mining and reclamation plan is filed and approved.
2. The preferred form of surety will be identified and a detailed reclamation cost estimate will be submitted to the Division at that same time.
3. The immediate concerns of the State Department of Health must also be satisfied by the same date.
4. A monthly update of the current status of the mining operation should be sent to the Division (operational or suspended, etc.).

Your acknowledgement of concurrence with these conditions would be appreciated within ten (10) days of receipt of this letter. If we may assist you with any questions, please call me or Tom Tetting of my staff.

Sincerely yours,

JAMES W. SMITH, JR.
COORDINATOR OF MINED LAND DEVELOPMENT
